hi vicki, i would like to, on behalf of my family, friends and many of the clubs members who attended last nights presentation, to thank the committee for a super evening, gill as the compare/auctioneer was first rate as usual, our chair lady (looking very glam in her lovely outfit), saying a few words about chris and barbara s retirement from the gymkhana side of things, most of todays members will not remember as i do the handsome coloured pony george, a living legend in this area, flying around the ring with barbara winning just about every thing they entered for and chris, s beautifull pony whom i tried to buy on more than one occassion, for my then very competitive sister gaye to compete on ,that pair could give most people aclean pair of heals, however chris would not sell, so that was that, the young ones of today could learn a lot from those two, so i was sad to witness their leaving but i expect they will both still be seen on show days ,i hope so, maria and jamie did us proud on the yummy buffet, which we all enjoyed and it was good fun to see kay and debbie showing the youngsters how to dance on the dance floor, and finally thanks to you vickie as usual beavering away in the back ground , dont ever think its not noticed by us because it is, and we all thank you, it was a lovely night well run by you all many thanks for all your hard work making the club such a fun one to be a member of heres to you all sue hornblower and friends
